## **Community Update – East Berwickshire – PS Ali Granger**

As mentioned in Octobers MMWR, Chief Inspector Stuart Fletcher is now in post as the Local Area Commander. He has made the following comments to local press -

“I am delighted to have the opportunity to work in the Scottish Borders again as your Local Area Commander and to put my years of policing experience to use in delivering a high quality of service. I know that the Borders is made up of many unique, and proud, communities and I want to be as visible as I possibly can, both to my colleagues, partners and local people. We know that Police Scotland faces significant financial pressures at this time, but I am committed to working to ensure a policing response to issues that is both proportionate and appropriate, whilst working collaboratively to ensure our resources are deployed to the greatest benefit of the communities that we serve” – CI Stuart Fletcher – Local Area Commander, Scottish Borders

All officers have been involved in White Ribbon Campaign – 16 days of action against gender based violence. It started on 25<sup>th</sup> November 2023, which is the International Day for the Elimination of Violence Against Women and concluded on December 10<sup>th</sup> 2023 which is International Human Rights Day. During this period we were holding stalls offering domestic abuse advice and raising awareness in various locations across the Scottish Borders.

Local community officer PC Jacobs and School Link Officer PC Cameron worked hard with our colleagues in Scottish Fire and Rescue Service on delivering messages to the local community regarding Bonfire and Fireworks safety in the days leading up to 5<sup>th</sup> November. This prevention work meant there was a very low level of antisocial behaviour related calls in the community on Bonfire night. Officers were also busy policing the many Remembrance Day Services in towns across the Scottish Borders.

Berwickshire community officers work closely with PC Cameron to engage with young people across the community and from all age groups.

This included another large / industrial scale Cannabis cultivation which had a potential street value of £1,250,000 which was well publicised in local and national media.

They have also been liaising with a number of forces in England in relation to further criminality involving county lines nominals and rural acquisitive crime, particularly in the Eastern are of the Scottish Borders. Inquiries here are ongoing.

Five warrants were also executed in conjunction with other departments in relation to stolen property searches across the Scottish Borders.

They would also like to highlight that the local communities across the Borders may have information which they deem insignificant in relation to people being seen at disused large premises over a period of time. Any suspicious activity will be followed up by this team but it is important that the public know they can report such matters in person at any Police Station, by use of 101 or anonymously via the Crime Stoppers charity.

A number of business cards explaining the benefits of and reassuring any caller to Crime Stoppers have been produced and can be circulated amongst the Wards should this be deemed useful.
